Support And Maintenance Plans

- Phone Wiring (Residential ONLY | \$3.95 per month)** – This policy protects existing home telephone wiring and replaces jacks inside the home.
- Standard Managed Wi-Fi (\$3.95 per month)** – This Wi-Fi service broadcasts a Wi-Fi signal to blanket most standard sized homes/ home businesses with full Wi-Fi connectivity. (Download the GTC WiFi app from the apple store-Search for GTC WiFi)
- Total Home Managed WiFi (\$8.95 per month)** – This Wi-Fi service increases the broadcast signal of the standard Wi-Fi to reach areas outside of the standard Wi-Fi capability. May be required for large homes, two-story homes, homes with basements and/or to reach outdoor living areas. This is intended to enhance the Wi-Fi signal and is not a solution for outside buildings, barns, or garages. (Additional equipment may be required) (Download the GTC WiFi app from the apple store-Search for GTC WiFi)

Service Notes

Minimum activation fee is \$150.00 for Internet, \$150.00 for Internet+Phone and \$25.00 for Telephone only. Additional installation fees may be necessary for some locations.

The following people are authorized for GTC Broadband to discuss information and/or make changes to the account.

Authorized Person One: _____

Authorized Person Two: _____

Verification

Please enter your initials below to verify that the information on the application is correct. Your initials are also acceptance of financial responsibility for the account created from the application.

Please initial to accept the above statement:

Application Received

Will be reviewed and processed within 3 to 7 days. All applications are processed based on when they were received. When the application is finalized by our customer service representatives, the location is approved, and all fees are paid, a service activation appointment will be scheduled.

Please initial to accept the above statement:

Do you prefer Mornings or Afternoons?

Morning Block: 9:00am to 12:00pm Afternoon Block: 1:00pm to 3:30pm

If, construction is required to place a new drop, repair a damaged drop, or other unforeseen incidents occur, an additional three to six weeks may be required.

Please initial to accept the above statement:

Proof of Identity will be required to proceed with application process. Once the application is completed and activation fees are paid, the standard wait time to activate service may be 7 to 10 days. If, however, your location does not have a current fiber drop and construction is required to turn up service, a waiting period of 3 to 6 weeks may be required. Construction is based on the weather, ability to perform construction and crew availability. Every effort is made to activate your service as quickly as possible.
